

WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if any woman would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health than I do. I suffered from a severe case of constipation and the doctor told me I had a hemorrhoid growth and would have to be operated upon, but I refused as I do not believe in operations. I had standing spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."—Mrs. J. M. RUSSELL, 2300 West Broadway, Louisville, Ky.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (consultants) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

BLACK LEG
The remedy for Black Leg, St. Louis, Mo. 43-1915.

Regular Readers.
Hixon—I understand your wife comes of a very old family?
Dixon—Yes; also very numerous.

THIS IS THE AGE OF YOUTH.
You will look ten years younger if you brush your ugly, grizzly, gray hairs by using "La Creole" Hair Dressing.

Couldn't impress Pat.
Strolling along the country with a party of friends, Pat was telling them about some of the beautiful spots in Ireland.

One of the party, an American, exclaimed: "Well, I guess we've got something in America that will tickle all your scenery. Our Falls of Niagara, with tons of water rushing over the top, is a wonderful and an unusual sight."

"A wonderful and unusual sight!" exclaimed Faddy. "That's nothing. It can't help falling over the top of the precipice. If the water stopped on the top, that would be a wonderful and unusual sight."

Curious Mineral.
Perhaps the most curious mineral found in the United States is staurolite, otherwise known as the "fairies stone." This is an iron-aluminum silicate found only in Virginia and North Carolina, the reddish-brown and brownish-black crystals occurring in well-defined single and double crosses. There is some commercial demand for the crosses as curios, which are worn as watch charms or on chains in the manner of a locket or locket—A demand perhaps stimulated by the queer legend which is told of their origin; the fairies living in the caves of the mountains, on hearing the sad tidings of the death of Christ, fashioned these crosses as mementoes of him.

HARD ON CHILDREN
When Teacher Had Coffee Habit.

"Best is best, and best will ever live." When a person feels this way about Postum they are glad to give testimony for the benefit of others.

A school teacher down in Miss. says: "I had been a coffee drinker since my childhood, and the last few years it had injured me seriously."

"One cup of coffee taken at breakfast would cause me to become so nervous that I could scarcely go through with the day's duties, and this nervousness was often accompanied by deep depression of spirits and heart palpitation."

"I am a teacher by profession, and when under the influence of coffee had to struggle against crossness when in the school room."

"When talking this over with my physician, he suggested that I try Postum, so I purchased a package and made it carefully according to directions; found it excellent of flavor, and sustaining."

"In a short time I noticed very gratifying effects. My nervousness disappeared, I was not irritated by my pupils, life seemed full of sunshine, and my heart troubled me no longer."

"I attribute my change in health and spirits to Postum alone."

Names given by Postum Co., Battle Creek, Mich.

Postum comes in two forms: Postum, General—the original form—must be well boiled. The 2nd package.

Instant Postum—a soluble powder—simply add water. A box of hot water, hot milk, cream and sugar makes a delicious Postum breakfast. 30c and 40c tins.

Get these two equally delicious and good, and the sugar put on.

SUBMARINE SINKS FRENCH STEAMER

AIRMAN, HAMELIN GOES DOWN AND 71 PERSONS ARE DROWNED.

ALLIES RUSH INTO BULGARIA

Strumitsa Occupied and Troops Continue to Advance—French in Macedonia Attacked by 40,000 Bulgarians.

Paris.—Seventy-one persons lost their lives when the French steamship *Airman Hamelin* was torpedoed and sunk by a submarine. A dispatch to the Havre Agency from Marseilles, which brings this news, does not specify whether the victims were passengers or members of the crew.

The *Airman Hamelin* was a vessel of 5,037 tons gross, built in 1902. She was 287 feet long and 48 feet beam. Her owners were Chargeurs Reunis a Paris of Havre.

London.—Strumitsa, in Bulgaria, has been occupied by the allied armies of Great Britain, France and Serbia, according to official advice from Saloniki, telegraphed by the Reuters correspondent at Athens.

London.—The British, French and Serbian have joined forces in the Balkans and are attacking the Bulgarian towns, according to dispatches from Saloniki, by way of Athens.

The Anglo-French forces, just about the time of the outbreak of hostilities between Serbia and Bulgaria, were hurried northward from Saloniki to Giyevli, which is directly south of Strumitsa. Apparently they are carrying out the previously reported plan of invading Bulgaria, in addition to assisting Serbia in holding back the Bulgarians.

Bulgarian troops are reported to be engaging the French at Giyevli, which is on the strategic Nish-Saloniki railroad, near the Bulgarian border.

A dispatch from Athens says the French troops in Macedonia have received their baptism of fire near the railway bridge at Hudovo Vilandovo, where they were attacked by 40,000 Bulgarians.

The Bulgarian artillery is bombarding the Bulgarian garrison, which is offering a stout resistance.

Jealous of Wife's Tattooing.
Detroit, Mich.—When her husband, L. D. Miller, became jealous because her male friends went into raptures over her tattoo marks, Mrs. Mabel Miller returned to her mother. Mrs. Miller insisted that it was her husband's fault if the friends he brought to their flat were overzealous in their admiration of her as an object of art.

\$300,000 in Bogus Coins.
San Francisco.—Two men now under arrest are credited with distributing bogus \$5 gold pieces to the face value of \$300,000 to \$500,000. The fraudulent \$5 piece has been a nuisance nearly all over the West for the last year.

Negro Sentenced to Die.
Newport, Ky.—After deliberating one hour and 25 minutes a jury in the Campbell county court returned a verdict finding Harry Garrison, 18 years old, a negro, guilty of having attacked Mrs. Luella Crowder, white, and fixed the penalty at death.

Bulgarian Communication Cut.
New York.—Telegraphic communication with Bulgaria has been cut off by the British administration, according to advice received by cable companies. They were told that telegrams for Bulgaria should not be accepted.

Hillstrom Appeal Denied.
Salt Lake City, Utah.—The board of pardons denied commutation to Joseph Hillstrom and terminated his reprieve. He will now be taken before the district court and resentenced to death.

Man, 101, to Vote for Suffrage.
Rome, N. Y.—Orville Dorman, 101 years old, went to the polling place and registered. He will vote for prohibition and woman suffrage.

Two Infants Die in Accidents.
Chicago.—Word comes from widely separated cities that an infant in each place had come to its death in a peculiar manner. At Manitowish a baby was squeezed to death by a pet bear and at Terre Haute, Ind. 2-year old was choked to death on a mouthful of salted peanuts.

Four Killed, Four Hurt in Explosion.
Birmingham, Ala.—Four men were killed and four injured in an explosion in the new by-product plant of the Tennessee Coal, Iron and Railroad company at Fairfield.

Roosevelt Felicitates Miss Dunne.
Springfield, Ill.—Miss Eileen Mary Dunne, daughter of Gov. Dunne, who received a letter from President Wilson congratulating her upon her coming marriage to William Corby of Chicago, has received also a letter from Col. Theodore Roosevelt.

Refugees at Tabriz.
New York.—Twenty thousand additional destitute mountaineers of Eastern Turkey have reached Tabriz, Persia, according to a message received here by the Presbyterian board of foreign missions.

Banker Accidentally Kills Self.
Hillsboro, Tex.—While cleaning his shotgun preparatory to a duck hunt, W. J. Buchanan, vice president of the Texas National Bank, accidentally shot himself with the weapon, the charge entering his neck.

Concerning the Remodeling of Old Gowns

The problems of the home dressmaker in the matter of remodeling last year's gowns to make them up to date are much simplified this season. She may take advantage of the vogue for combinations of plain cloth and fur fabrics, and of the continued favor of sleeves and blouses of chiffon under skeleton bodices of heavier goods. But most useful of all to her is the liking for plaids in both silk and wool materials. Made up in combination with plain cloth, they are a style feature. Skirts trimmed with bands of fur cloth—which is a new name for certain plushes—and coats of the fur cloth or of combinations of it with plain goods make as attractive suits as the season has to offer. Plaids are used in the same way and their field is even wider because afternoon gowns and even dressier ones, employ them. They are unusually effective because the fashionable colors of the season are dark and the plaids unusually rich. A pretty combination is shown in the picture above. The straight, moderately full skirt is made of a dark plaid with fine crossbars of white. The belted jacket has a square opening at the front which allows the use of one of the sheer organdie chemises and turnover collars that add much to the becomingness of dark frocks. The plain sleeves which taper to the wrist are finished with plaid cuffs, ball buttons and silk braid. The belt is of the same material as the jacket and fastens with button and braid ornament at the left side. The plain material appears in a wide band about the skirt, but is more often seen in two or three narrower bands. This model is well adapted to the nearly grown miss as well as to young women. There are many good patterns for skirts to be made up in plaid materials. Such skirts should never be "fussy." The broken surface and mixture of colors in the material make it necessary to choose plain designs.

Shoes Displayed for Fall and Winter

The shoes displayed for fall and winter wear are more quiet in design and decoration than those worn during the summer. But, compared to those of former seasons, they are elaborate. The new footwear shows novelties in cut, combinations of two or more materials, and color combinations in the same shoe, oddities in methods of fastening and minute attention to the details of finishing. The public, and especially the female public, is growing more discriminating and more exacting each year as to footwear. America already boasts the best shaped and best made shoes produced. Now, small touches of finishing, such as the button used, shape of buttonholes and management of stitching are counted upon to impart much style to the finished shoe. The shortening of skirts has brought the high shoe and it remains for the designer, of which two are shown in the picture. A third very popular boot lace on the inside and seems to be cut in two pieces with a seam running up the middle front from toe to ankle and another up the back. These seams are stayed with bands of contrasting leather. That in front widens to a narrow tip on the end of the toe. A similar shoe in satin is worn with evening gowns, (matching them in color). Instead of satin slippers. A smart boot is shown in the picture made of tan leather with patent leather vamp. The neat, parallel rows of machine stitching make a feature worth considering in its make-up. Two rows of rather large buttons are provided for fastening by way of oddity. The heel is rather low and altogether it is a trim and smart model. In those rare cases where it is desirable to shorten the apparent length of the foot, this shoe will be useful. A very plain lace boot in the picture shows a combination of gray or tan leather with black patent leather vamp. This is a neat, high boot which corresponds with the plainest of tailor-made suits and looks as if it could not be improved upon for street wear. JULIA BOTTOMLEY.

Big Hats of Velvet.
The revival of black velvet hats is a pronounced feature of the ultra smart apparel. Almost to the exclusion of any other ornamentation these large, picturesque affairs are strikingly embroidered in white wool Ross. On them are noted spreading designs so large and done in so bold and suggestive a style in the wool that they extend entirely around the crown, the brim, and the sides of the hat. Conventional flower and fruit designs greatly magnified are prominent.

Good Use for Ultra-Violet Rays.
German and Japanese physicians working together, demonstrated that it is feasible to disinfect the mouth, nose and other body cavities with the ultra-violet rays.

CANARIES LIKE PLAIN CAGE

Lower of Birds Who Found Out That They Prefer Their Abode to Be Simple.

Living near St. Nicholas avenue and One Hundred and Eleventh street there is a lady who during a period of six months purchased no less than three canary birds with the hope that they would solace her with their singing, only to find that after she had installed them one by one in the handsomest cage she had procured for them not only would they not sing, but that they moped and pined and finally died. The canary bird lover did everything she knew to keep her pets and teach them to trill the melodies that such birds can utter, but it was of no use.

Finally a neighbor advised her to discard the handsome and expensive cage and buy a new one, plainer in make.

"What in the world difference will that make?" the canary bird lover asked. "A cage is a cage—what's the difference to the birds?"

"All the difference in the world," answered her adviser, "and for two good reasons. One is that a bird has died in it. The other is that a bird of modest disposition does not like an overhandsome cage."

"The best singing results have come from the inmates of plainer cages. I don't know whether or not canary birds are natural democrats, but experience has been such as I tell you. Buy a plainer cage that has no canary bird ghost stalking through it to frighten the living bird."

So the canary bird lover discarded the big cage and bought a plainer one. She transferred the last bird she had bought, and which had already begun to mope, to its new quarters. Then she waited a day and still another day, but not a sound came forth, although the bird began to look pert and chipper. She called in her advising friend and complained there was no result after the cage change.

"Wait," said her friend, blowing upon a bird whistle.

The canary heard the notes, cocked his head and began to sing. Was it the new cage?—New York Press.

Activities of Women.
England has over twelve thousand female chocolate-factory workers.

Women have been practicing law in Italy since 1883.

Lady Juliet Duff is the finest lady shot in England. Her best record is 38 brace of grouse in one day.

Mrs. Agnes Maher is proprietor, general manager and chauffeur of Washington's first woman's jitney line.

Jules Bois, the French poet, philosopher, dramatist and feminist, says that it is impossible for American women to love.

Nearly ninety thousand women are employed by the telephone systems in the United States, while women telegraph operators number over eight thousand.

English women are now wearing badges made of metal and enameled in colors with the design of the union jack, which are called "Brood of Him" badges. They are inscribed with "Husband With the Colors," "Son With the Colors," "Brother With the Colors," or "Father With the Colors."

Good Listener Paid.
A French soldier fighting in the Argonne has just been informed that he has inherited \$40,000 from a retired army officer of eccentric habits who lived in the same village as the soldier.

The officer's will ran: "Being without family, I leave the whole of my fortune to Paul —, farmer. I desire thus to show my gratitude to him for having for many years listened patiently and with every air of interest to the story I used to tell of how I lost my right arm in the war of 1870."

"I pray, and trust that he will be spared to return to his village after the war, and my only request to him is to come occasionally to my tomb and there relate some of his own war experiences."

Need of Reforestation in Japan.
The forest area of Japan is decreasing at the rate of one million acres a year. This area is being cut away partly for timber and lumber and for firewood and partly to make the land available for the cultivation of rice.

The forests of Japan at the end of 1914 covered about 45 million acres. Extensive efforts are being made to increase the acreage of forest lands by planting surfaces now cleared off with young trees of quick growth. It has been urged that it is necessary to replant all surfaces as soon as they are cleared for commercial purposes in order to lessen the great loss annually caused by floods in the mountains.—Vice Consul Harold C. Hugdins, Yokohama, Japan, in Commerce Reports.

Bite of Happiness.
The sorrows of the past stand out most visibly in our recollections, because they are the keener of our sensations. At the end of a long existence we should probably describe it thus: "Few and evil have the days of thy servant been." But the innumerable infinitesimals of happiness that from moment to moment made life sweet and pleasant are forgotten, and very richly so our father mixed the materials of these with the homeliest actions and domesticities of existence. See two men meeting together in the streets—mere acquaintances. They will not be five minutes together before a smile will overspread their countenances, or a merry laugh ring off at the lowest amusement. This has God done.—Frederick William Robertson.

Telephone in Latin America.
According to statistics published by the Pan-American union, there were on January 1, 1914, 232,816 telephones in Latin America, as compared with 9,542,000 in the United States. Argentina stood first among the Latin American countries, with 74,294, and Uruguay led in the proportion of telephones to population, with 1.65 per 100.—Scientific American.

Do you think the story is possible?
"I do," replied the elderly woman. "In spite of all these years, I am very young and cheerful. It is impossible to read so much news without letting them leave an impression on your mind."

IMITATION IS SINCEREST FLATTERY
but like counterfeit money the imitation has not the worth of the original. Insist on "La Creole" Hair Dressing. It's the original. Dazzles your hair in the natural way, but contains no dye. Price \$1.00.—Adv.

Changed.
"I wasn't always as you see me now," said the beggar.
"So I noticed," said the man. "Yesterday you only had one leg."

WOMAN'S CROWNING GLORY
is her hair. If yours is streaked with gray, grizzly, gray hairs, use "La Creole" Hair Dressing and change it in the natural way. Price \$1.00.—Adv.

In this age living within one's means is termed existence.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has become the standard for all children's medicine. It is the only medicine that is so gentle and so effective. It is the only medicine that is so safe and so reliable. It is the only medicine that is so easy to use and so pleasant to take. It is the only medicine that is so well known and so widely used. It is the only medicine that is so effective and so reliable. It is the only medicine that is so safe and so reliable. It is the only medicine that is so easy to use and so pleasant to take.
